

TRUCK SCALES | FLOOR SCALES | FILLING OPERATIONS Ideal anywhere weight needs to be viewed from a distance.

Model 210 Indicator

Model 210FE Indicator

The 210FE is Ideal for Warehouses and Material Handling

Highly visible by fork truck drivers when loading over a scale. Add a remote wireless input device and TARE, PRINT or ZERO directly from the driver's seat. You will easily "see" the 210FE as the digital indicator to have in every scale location in your facility.

## The 210FE is Ideal for Truck Scales

For applications requiring an economical way for drivers to see weight at the scale house, position the 210FE close to the window of the scale house for high visibility, or even mount it outside. The enclosure is made of rugged stainless steel for outdoor usage.
