

Compression Weighing Load Cells

- Anti-rotation pivot inserts
- Environmentally-sealed (IP68)
- Stainless steel construction
- NTEP legal for commercial trade
- 75'/23m integral shielded cable
- 2 year warranty

These USA-made heavy-capacity, compact compression load cells are ideal for multiple load cell weighing applications such as truck scales and heavy-duty tank weighing systems.

Load cells are fabricated from stainless steel to provide the ultimate in protection when caustic, corrosive or wet environments are encountered. Load cells are environmentally-sealed IP68 with a welded stainless steel cup for absolute water protection in rugged environments.
